

You are a professional, therefore you need the highest quality solutions. Find out more about our offer and choose a business partner consciously

JG Gastro has been operating on the market since 2007 and is a leader in the production of mobile points of sale. Gained experience in creating concepts sales department guarantees good knowledge of the market, fast pace of work and customer profits.

You are not able to prepare a technical drawing and visualization? We will do it for you.

A comprehensive project of a gastronomic trailer made by our company will guarantee no mistakes in the execution of the trailer itself and furniture, the possibility to consider the space and introduce changes before production, and it will give the opportunity to correctly calculate the investment.

Price list of trailer designs

500 PLN net

(delivery time up to 5 business days)

- Technical drawing
- Consulting
- Installation guidelines after design approval
- Visualization after approval of the project
- Equipment calculation

1000 PLN net

(delivery time up to 10 business days)

- Technical drawing approved by a sanitary and epidemiological expert
- Technological description

500 PLN net

(delivery time up to 5 business days)

- HACCP book and GHP / GMP code

500 PLN net

(delivery time up to 5 business days)

- Exterior trailer design

The design is the basis for equipping every gastronomic and mobile establishment. Drawings are a great help. The investor is able to visualize the proposed system and make any comments without the risk of mistakes, and in the final phase see the final effect on visualization.
